## Winds of Future

**1** 

FANS CATALOGUE 2022

# ORIENT ELECTRIC

A BRAND THAT STRIVES TO BRING THE BEST OF INNOVATION FOR YOU.

# For you and the future that awaits you.

Over the years, Orient Electric has emerged as the leader in the premium fans segment, not only in terms of sales numbers but also as a visionary brand. We have been the largest manufacturer and exporter of fans in India and rated as a Star Export House by the Ministry of Commerce and Industry, GOI. But today, our focus is on being the brand that brings the future to the homes of our consumers!

Our products prioritize comfort, affordability and an aesthetic as well as a functional utility that fits into the smart homes of tomorrow. This is reflected in the kind of material we use, our designs and our technologies. At Orient Electric, we believe in making life simpler, experiences better and 'feeling the future' every day! A one-stop provider of fans, lighting, home appliances, switchgears and other electrical solutions. Yet, we feel more excited today than ever before.

YEAR OLD LEGACY

FORTUNE INDIA

#### STATE-OF-THE-ART FAN MANUFACTURING FACILITIES

Many of the innovations in the fan industry that are now taken for granted came from the research of Orient Electric's R&D centres and from our urge to bring top-quality products to Indian consumers. We have been routinely introducing pioneering manufacturing processes and technologies thus setting new industry benchmarks in terms of performance, design, energy efficiency and convenience.

Our state-of-the-art ISO-certified manufacturing facilities at Faridabad and Kolkata employ some of the most modern technologies, such as automatic stator winding plants and automatic liquid paint shops, so as to improve productivity and to meet the increasing consumer demand for quality products.

Quality being the key driving force behind everything we do at Orient Electric, we conscientiously follow the Six Sigma processes to manufacture zero-defect products. In India, we are the pioneers of die-casting the rotor and fan body cover in ceiling fans and the semi-automatic coil-winding process.

As a market-responsive company, we have positioned ourselves around innovation and it gets reflected in our new generation of innovative and premium fans that satiate the needs of consumers seeking pride in their contemporary interiors.

### ORIENT ELECTRIC MILESTONES

1939	The journey begins. Factory established in Kolkata.
1954	Inducted into the CK Birla Group. Renamed as Orient Fans.
1965	Becomes the first Indian company to introduce die-casting of the rotor and fan body cover in ceiling fans.
1969	Establishes a factory in Faridabad
1990	Develops and patents the revolutionary PSPO technology for fans.
2014	Unveils new brand identity. Rebranded as Orient Electric with the positioning statement of 'Switch to Smart'
2014	Unveils energy-efficient BLDC fans.
2016	Unveils the 'Very Silent Very Powerful' Aeroquiet premium ceiling fan.
2017	Demerges and gets listed as a separate entity
2018	Gets listed on the stock exchanges
2019	Unveils India's first smart ceiling fan
2020	Enters the 'Fortune India 500' list

### Accolades as glorious as our range

Our unwavering commitment to quality, innovation and excellent customer service has been recognised over and over again. We have been conferred with the globally acclaimed, consumer validated 'Superbrand' status in 2015, 2017, 2019 and 2021, 'Best Innovative Brand' award in 2018, 'Asia's Most Promising Brand' award in 2019, and 'The Economic Times Best Brand' award in 2020 and 2021.

We have also been recognised by the Limca Book of Records for producing the maximum number of ceiling fans from a single manufacturing unit in 2014-15. We have been consistently awarded the 'Star Performer' for many years by the Engineering Export Promotion Council (EEPC). Last but not the least, we're rated as 'Star Export House' by the Ministry of Commerce and Industry, Government of India.

## Because you deserve the best of us. Aero Series

Fans that are elite, just like you. Our top-of-the-line fans do all the talking when it comes to exclusivity and elegance.

The Aero Series fans have many sides to them. They are bold, dynamic and premium. They also are technologically unmatched, governed by the core principle of aerodynamics applied in aircrafts and Formula One cars. This design and the use of new-age material reduce friction and air turbulence like never before. The result? Drastically reduced fan noise and an unmatched air thrust. So, wait no further. The coolness, the silence, the future await you.

HOW TO SELECT THE CORRECT ORIENT ELECTRIC CEILING FAN							
ROOM SIZE		FAN SIZE			PSPO Value 4 Blades		
	mm	feet	inch				
4x4.95m To 4.55x4.55m	1400	4.5	56	480			
4x4.95m To 4.55x4.55m	1300	4.2	52	5 Blade Fo	5 Blade Fans		
3x4.00m To 3.65x3.65m	1200	3.9	48	420/440/460/475/480/580	470/480		
2.5x3.3m To 3x3m	1050	3.4	42	410/425			
2.5x2.4m To 2x3m	900	2.9	36	400/410			

Important: To maximize air delivery over the required area, your Orient Electric ceiling fan should be 2.1 meter or more from the ground and 30cm or more below the ceiling. For large rooms with more than one fan, the center distance between each will depend on sweeps.

Sweep	1400mm	1200mm	1050mm	900mm
Center Distance	Зm	2.5m	2m	1.8m

• Visuals shown in the brochure, may vary slightly from actual product

• All ceiling fans are with double ball bearing

Air delivery may vary ±5%

• All specifications are subject to change without any prior notice

• Models may change during the year
